Wellbeing

Occupational Health

We work with an Occupational Health provider to ensure that staff are safe and well in the workplace, and that we are providing well-being support for staff wherever we can. Counselling and therapies can also be secured through Occupational Health for staff where needed. Schools are encouraged to purchase additional employee assistance and counselling programmes, most of which do, and work is in progress to ensure this is offered across all schools moving forward.

Cycle to Work - Bike Purchase Scheme

We offer a cycle to work scheme, under which staff can purchase a bike (and cycling equipment) under a hire purchase arrangement. Repayments come out of gross pay, so a saving is made as tax isn't paid on those repayments. This scheme is offered to assist with commuting costs, and to support staff health and wellbeing. Our cycle scheme Employer Code is *1a9eab*.

Schools within our Multi Academy Trust are encouraged to provide Employee Assistance Programmes which provide advice and counselling to staff.

A yearly communication is circulated to staff sharing results and action plans, and a further communication is sent sharing progress for the year.

Trade Union Consultation
 The Multi Academy Trust maintains a positive relationship with, and meets termly with, recognised Trade Union Representatives who negotiate on behalf of staff.

Sense of belonging

Sense of Belonging
 We believe that by involving, developing and valuing staff, and by supporting them to look after their wellbeing, our staff feel a sense of belonging to our organisation. We always strive to ensure every school within our Multi Academy Trust develops its own uniqueness whilst ensuring they are strongly part of the whole. This provides staff with a sense of belonging both at school and organisational level.

Collaborative Working

Collaborative Working
 We are continuously developing new and unique ways for individuals and schools across our organisation to work together collaboratively.
